20 DEC 1985

85-3826/14

The President  
The White House  
Washington, D.C. 20500

Dear Mr. President:

As required by the Federal Managers' Financial Integrity Act of 1982 (P.L. 97-255), this is my report to you on the systems of internal accounting and administrative controls of the Central Intelligence Agency (CIA), the Intelligence Community Staff (ICS), [redacted] in effect for Fiscal Year 1985.

STAT  
STAT

During the year a comprehensive statement of responsibilities and procedures for assuring full compliance with that Act was included as an integral part of the formal Agency regulatory system.

An evaluation of these systems was performed in reasonable accordance with the guidelines issued by the Office of Management and Budget. Senior officials in reporting the results of their respective evaluations were required to also evaluate the substance of findings of internal management reviews, staff reporting, and audit or inspection reports.

During the reporting period, four loss of fund situations have been brought to my attention. Each of these was discovered by the Agency's system of internal accounting and administrative controls, and has been reported to the Department of Justice for appropriate action. We have made a positive determination in each case that the loss was not attributable to an internal control weakness for which there is a cost effective remedy. The cost of additional resources to implement more stringent control measures would exceed the relative risks to be protected against.

Notwithstanding the foregoing, I am satisfied based upon the written certifications of responsible senior officials and evaluations of the findings of inspections and audits by the Office of the Inspector General that the CIA, ICS, [redacted] systems of internal accounting and administrative controls provide reasonable assurance that:

STAT

- (a) Obligations and costs comply with applicable law;
- (b) All assets are safeguarded against waste, loss, unauthorized use, and misappropriation; and

R-300

The President

(c) Revenues and expenditures applicable to agency operations are recorded and accounted for properly so that accounts and reliable financial and statistical reports may be prepared and accountability of the assets may be maintained.

I further report to you that, to the best of my knowledge based upon the evaluation and written assurance of the responsible senior official, the accounting system of the Agency, which also supports ICS , substantially conforms with the principles, standards, and requirements prescribed by the Comptroller General.

In accordance with Section 2 of the Federal Managers' Integrity Act of 1982, I have reviewed the internal accounting and administrative controls for the Intelligence Community (IC) Staff for the Fiscal Year ended 30 September 1985. Within the IC Staff I have limited delegations of authority to manage resources to the highest practicable level, which I believe strengthens the internal control system of checks and balances in assuring sound management of Staff resources. I believe the IC Staff to be in reasonable compliance with the standards prescribed by the Comptroller General for accounting, auditing, and internal accounting and administrative control systems.
